Note to Editors:

Trust Property Management Group plc, which floated on AIM in March 2007, is a provider of professional property management and chartered surveying services, with over 14,000 residential and commercial units under management. The management believe that the Company is well positioned to take advantage of the fragmented property management and surveying market through the consolidation of its four key subsidiaries: Trust Property Management Limited, which undertakes residential property management services; Dexter Brown Limited which sources and manages commercial investment property; Trust Credit Services Limited, which is a licensed credit facilities provider enabling tenants to spread cost of ground rents and service charges; and Skylon Limited, which provides a wide range of chartered surveying services.

The Company has a highly experienced management team including David Glass, the founder of David Glass Associates which floated on AIM in November 1995; Benjamin Mire, a Chairman of the Leasehold Valuation Tribunal and former Director at Lee Baron Commercial Limited; Dr Julian Finegold, co-founder of Trust Property Management Limited and former business and sales manager at IBM UK; Larry Lipman, a well-known entrepreneur in the property sector and Trevor Brown, founder of niche commercial property management company Dexter Brown Limited, which was acquired by the Company in October 2007.
